

BAPTISTS PLAN VIGOROUS WARFARE UPON TUBERCULOSIS IN THE SOUTH

SANATORIUM AT EL PASO, ESTABLISHED FOR THIS PURPOSE, WILL GET FINANCIAL AID FROM 75 MILLION CAMPAIGN—EDUCATIONAL PROPAGANDA TO INFORM PEOPLE ON HOW TO COMBAT PLAGUE WILL BE CONDUCTED.

Administration building of Southern Baptist Sanatorium for treatment of tuberculosis patients, located 4500 feet above sea level.

Do you know that tuberculosis is more prevalent in the South than in any other part of the country?

That the death rate from tuberculosis here is 14.2 per cent greater than for the nation as a whole, and greater than in any civilized nation on the globe with the exception of China?

That more than 150 people a day, or 57,782 a year, die in the South and the Southwest from this dreaded disease?

That there are within the territory of the Southern Baptist Convention 275,000 persons actively infected with the great white plague and an equal number have inactive infection?

That the money loss to the South each year from tuberculosis is \$175,000,000?

These startling facts were brought to the attention of the Southern Baptist Convention at its session in 1916 and a resolution was at once adopted to try and check the spread of the disease and provide relief as far as possible for those already infected with it.

As a result of this movement there was established in the high, cool, rare atmosphere of El Paso, Texas, the Southern Baptist Sanatorium which aims to minister to as many patients as possible and to disseminate throughout the South and Southwest the information that will result in checking the further spread of the disease and enable those who have just contracted it to obtain immediate cures by proper methods of living.

With the active assistance of the business interests of El Paso a modern sanatorium, located upon a beautiful tract of 143 acres on the side of Mt. Franklin, at a height of 4,500 feet, was opened for the healing of the people, and through the Baptist

75 Million Campaign this institution will receive \$500,000 for the erection of additional buildings and \$500,000 for an endowment that will enable the sanatorium to minister to those indigent patients who are unable to pay for treatment.

That there is an imperative need for an institution of this character is shown in the fact that all institutions in the South and Southwest for the treatment of tuberculosis have a total capacity of only 8,757 beds, or one bed for only one person out of every sixty in this section who are afflicted.

Everything connected with the Baptist Sanatorium is modern and of the very best, but its present equipment is far too small to cope with the demands that are made upon it. Of the improvement fund that is to be provided, \$100,000 is available already and architects are already designing new buildings worth \$450,000. These will be constructed just as rapidly as possible.

While the sanatorium is being operated by the Baptists, it will be open to the people of all creeds and no creed. Due to the crowded conditions, however, it is necessary that arrangements be made in advance by communicating with Dr. H. F. Vermillion, superintendent, at El Paso.

The sanatorium is under the general supervision of the Home Mission Board of the Southern Baptist Convention, and in addition to treating patients who have already contracted tuberculosis, it will seek, through a campaign of publicity, to so inform the people of the South and Southwest on the nature and prevention of this disease that the alarming death rate from the white plague can be immediately lowered and finally reduced to the minimum.

GOVERNOR AND YORK INDORSE HEALTH MOVE

BOTH OFFER SERVICES TO TENNESSEE ANTI-TUBERCULOSIS ASSOCIATION'S CAMPAIGN.

Only one other state in the Union had a higher native death rate from Tuberculosis than Tennessee last year, and that was Kentucky. It is because of this peril that Governor A. H. Roberts has offered his services as State Chairman to the Tennessee Anti-Tuberculosis Association, and Colonel Alvin C. York has also offered to serve on the executive committee of the coming campaign to sell Red Cross Christmas Seals from the 1st to the 10th of December.

In this state 4,551 people died of Consumption last year according to the State Board of Health. And since many investigations held throughout the country show that for every death there are eight people left infected with the "Great White Plague," there are now more than 36,000 cases of Tuberculosis in this state.

The Tennessee Anti-Tuberculosis Association and its 1,000 affiliated organizations throughout the country have found that the plague is controllable, preventable and curable. It is not hereditary. The germs get into the lungs from dust laden air, public drinking cups and other such conveyances and stay there till the vitality of the body is so reduced that they can get to work and finish the job that unhealthy living conditions has made possible.

During the past year the four public health nurses of the state association have visited every county in the state. Their reports show that they talked to the school children, teaching them to be healthy. They investigated the cause of diseases such as sewerage, the disposal of garbage, the water supply. They visited folks stricken with tuberculosis and taught them how to fight the disease.

"The problem of bettering the public health is a tremendous one and the splendid co-operation and service of the Tennessee Anti-Tuberculosis Association with the State Boards of Health, Charity and Education enables me to endorse their campaign with pleasure," said Governor Roberts. "The society is doing wonderful work in teaching us that we are not only responsible for our own health, but that we are also responsible for that of our neighbors. I am glad to commend it and to urge the people of the state to support this campaign."

HUNT FOR "TB" SOLDIERS

What has become of Tennessee's 2,200 soldiers who were discharged or rejected in the draft because they were suffering with Tuberculosis and who are fighting for their lives against this disease? This question is being asked daily by the Tennessee Anti-Tuberculosis Association who is constantly receiving the names of these men from the surgeon-general's office and who have been unable to get in touch with the majority of them.

When the facts were published about the results of the selective draft the whole country stood aghast at the report that out of the two million and a half men called to the colors 69,000 of these were rejected because of Tuberculosis and that later 21,000 men were discharged from active service for the same reason.

These men are not hopeless cases. If taught how to care for themselves they can fight off the disease and become useful citizens and this is what the Tennessee Anti-Tuberculosis Association and its 1,000 affiliated organizations throughout the country propose to do.

But thus far only a small percentage of the 2,200 rejected and discharged men in this state have been found. Many have moved, and many more when they were discharged, did not come home. At the present time every effort is being made by the state association to find these men that they may be helped back to health.

FOR OUR HEALTH

Tennessee needs more Fresh Air Camps, Open Air Schools, Public Health Nurses and Sanitariums to fight Tuberculosis. The money raised in this drive is to be expended in Tennessee for these things and to educate and prevent disease. It is for these reasons that the campaign has been endorsed by the Governor and a host of prominent Tennesseans and that everybody should aid in stamping out the "Great White Plague."

YES, SIR!

He spent his health to get his wealth. And then, with might and main, He turned around and spent his wealth To get his health again.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

DON SUNG

Makes Hens Lay

Gets the eggs in any weather. It is easily given in the feed and doesn't force or hurt the hen in any way. Don Sung is a real tonic. Try it—if it doesn't pay for itself and pay you a good profit besides, your money will be promptly refunded. Trial size 50 cents.

IF THE EPISCOPAL CHURCH EVER WAKES UP, LOOK OUT SATAN!—"BILLY" SUNDAY

And Now "The Episcopal Church is Awake" Says Dr. Stires, Eminent New York Divine.

"If the Episcopal Church ever wakes up—look out!!!"

Crouching grotesquely, his face close to the platform, shaking his fist in the direction of the nether regions, "Billy" Sunday, the Baseball evangelist, once hurled this warning to the Evil One, while thousands, crowded into a great tabernacle, watched.

"That moment is near—is here!"

This is the answer to "Billy" Sunday's implied challenge. It comes from the Rev. Dr. Ernest M. Stires, rector of St. Thomas' Church, Fifth Avenue, New York; and one of New York's most noted preachers. He is a member of the Joint Commission directing the Episcopal Nation-Wide Campaign, and director of the Every Name Campaign, in New York.

A campaign to raise \$62,000,000 in the Episcopal Church in one day—December 7; to recruit 1,500 new workers; to rouse every member to help the Church play its great part, greatly, in this age of reconstruction by expanding every phase of its activity in the next three years—upon this, which is the purpose of the Nation-Wide Campaign, Dr. Stires bases his answer to the evangelist.

In effect, Dr. Stires says to the world:

"The Episcopal Church is awake." "The Nation-Wide Campaign is urgent," says Dr. Stires, "because of the greatness of the need of this hour. I speak not of the missionary needs of the Church, but of the needs of all the world. The Church holds a position of power and influence. It must use its power to meet these needs. For the suffering, injustice and wrong of the past is still here today, crying out to us. Children are still being slain by cruel Herods."

"Roger W. Babson, states that the labor problems of our time can only be

Famous New York Rector

solved by the teachings and the spirit of Christ; that the need for America is not for more machinery in the organization of capital and industry, but for the spirit of true religion in the hearts of the people.

"The zero hour is here for us of the Church, the hour of the Nation-Wide Campaign"

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose All druggists. J. 69
